Principal's Welcome

Welcome to Colusa Alternative Home School. The policies and procedures in this handbook are the result of a concerted effort on the part of the faculty and the administration. This information has been carefully prepared and presented so that it will be of great value in helping you succeed in your school.

Your ability to succeed will be as successful as you set out to make it. Decide now to maintain an attitude of sincere purpose in your school work, be diligent and punctual in your attendance, and strive to value your alternative educational opportunity to better prepare yourself for your future. In so doing, you will earn the respect of your teachers, your parents and your community.

We, as teachers, see our task as one of leading you to that point where you can effectively think for yourself. Our democracy will survive only so long as each of us is able and willing to decide on our own actions and accept responsibility for them. Making the right decisions for your life is an essential skill we hope to develop.

As you continue your education, we trust your days will be filled with rewarding and happy experiences.

Quick Guide: Colusa Alternative Home School Program

Home School Center/Offices

The Colusa Alternative Home School Center/Offices are located inside the Colusa Unified School District building at 745 10th Street. Students and families are welcome to visit and utilize the center's computers and other resources whenever the center is open, but students are not required to attend classes or work at the center. If students choose to work at the center, they are required to follow posted rules and have parent permission. Students are free to come and go with respect to appropriate social behavior and parent acknowledgement. Students are expected to be on-task while at the center or could lose their privilege of using this resource.

Enrollment Request

Requests for enrollment need to be submitted to the Colusa Alternative Home School administrator or administrative assistant for review. Request can come from parents/guardians or from district schools via referrals from Student Study Teams, counselors or administrators. Enrollment is on a voluntary basis. School referrals must be agreed to by a minor's parent or guardian, and by students who are 18 or older.

All applicants must complete and submit an "Independent/Home Study Request" form to the Colusa Alternative Home School administrator or administrative assistant for review, approval and teacher assignment. If the request is for admission during a current grading period, then the request is submitted to current school officials for review and recommendation.

Out-of-district residents need to secure an Inter-district Agreement from the resident district and be approved in both districts (resident district and CUSD). In some cases, the Inter-district Agreement must be approved prior to entering into a CUSD program. Students requesting to transfer back district's regular education programs are advised to wait until end of current grading period, unless circumstances warrant mid-grading period transfer.

Registration Process

The registration process for Colusa Alternative Home School is identical to the process used in all district programs. It is imperative that all forms are completed and filed prior to the student's enrollment in the program. Parents do not have the option of not following enrollment protocols and requirements, unless all parents have a similar right. Keep in communication with Administrative Assistant to ensure that all forms have been completed.

Contract

An Independent Study Contract is required for each student in the program. The initial contract needs to state what subjects the student is enrolled in and the number of credits for each subject. The contract is valid for one semester and a new contract is required for each succeeding semester. Any changes to the current contract need to be made to the original contract and initialed/dated by teacher, parent/student and administrator.

Note: A full-time high school student is expected to enroll in at least 35 credits of instruction, unless more or less are authorized due to student's status or extenuating circumstances.

Contracts should be completed by the first day of enrollment, and filed by the end of the second week of instruction. If a student is new to CUSD, the contract must also have a Student Registration form attached. The first contract of each school year for all students (new and returning) must include a completed Emergency Procedure Card.

Attendance Protocols

Student attendance for ADA purposes is generated from the student completing the assigned amount of work for a given time period; generally one week's worth at a time. Weekly appointments should be scheduled to accept, review and assign work for the new week. To remain in the Colusa Alternative Home School program, students are expected to maintain their meeting schedule and produce their weekly assignments. In the event a student misses an appointment and/or fails to produce weekly assignments, an absence for the week will be reported. A student who is chronically absent should be issued a warning letter and referred for intervention. A student who continues in this pattern or fails to meet the stipulations of the warning letter will be dropped from the program. Student will return to the school within CUSD or referred back to his/her district of residence. Monthly attendance reports are due to the Administrative Assistant one week after the end of the month.

Grades

Grading is the prerogative of the teacher, but following are some guidelines to assist in this area. Grades are due to the Administrative Assistant by a specific due date at the end of each semester for all students unless a difference due date is established because of a special program or school transfer. Grades should reflect the quality and quantity of work completed during the assignment period. Incomplete or late work (submitted after the contract due date) cannot be used for attendance credit.

Colusa Alternative Home School Opportunities

Increased Credits and/or Course Recovery

- Students enrolled in our alternative school have the opportunity to complete credits at a faster pace if desired. At the high school level, a traditional student completes 35 credits in a semester. At the alternative site, students can complete up to 50 credits in a semester. At that time, their progress must be reviewed in order to approve additional credits. Graduating early is an option if the necessary credits are attained to earn a diploma.

College Courses

- Students are permitted to take college courses, and they will reflect on their transcript.

Employment Opportunity

- Flexibility of student's academic schedule allow students who desire to work (proper work permit required) opportunities of employment otherwise not possible for many students. CTE, vocational education, work experience and/or elective credits are available with proper documentation.

Celebrations

- End of the Year Celebration
- Potential 8th Grade Trip
- Potential 12th Grade Trip
- Field Trips or Career Exploration Opportunities

Concurrent Enrollment

Concurrent enrollment exists when a student is enrolled in another educational program (i.e. another CUSD program or community college) at the same time classes are taken at Colusa Alternative Home School. There are ADA rules that apply in these cases so administrative review and approval is required for concurrent enrollment.

- Concurrent enrollment in another CUSD program requires approval from that program. Protocols are in place to allow for less than half of a student's class load to be taken at a district school. When students are admitted for classes, they are expected to follow all the guidelines of a regular student in that school. A student is not allowed to drop the program and complete it through Home School. In general, concurrent enrollment is meant to offer a program that a student cannot get through Home School or keep a student involved in a co-curricular program of interest (i.e. Ag, Business, etc.). Concurrently enrolled classes become part of the contract and should be stated at the beginning of each semester.
- Concurrent enrollment in a community college requires administrative approval from both entities. Protocols are established for this purpose. Students should begin this process through the

community college and meet their entrance requirements prior to assuming that these classes will displace Home School class requirements. Due to ADA requirements, a student cannot take more than two classes per semester and remain in full-time status in our district.

- Students must check in and out of the front office daily. Concurrently enrolled students must wait in the office prior to the start of their CHS/Egling class to start as well as when waiting for transportation at the end of his or her day at CHS/Egling. Classes taken at Colusa High School must be consecutive class periods.

Quick Guide: CHS Counseling Office

The Counseling Office is open from 7:45 a.m. to 3:45 p.m. for your needs. The goals of the counseling staff include helping students to complete high school successfully and to plan for the future. We help students make educational, college, and vocational plans and assist in solving personal and family problems that affect their school progress. Students are urged to take advantage of the services available through the Counseling Office.

It's easy to make an appointment to see Ms. Tanner, Colusa High School Counselor. Come in or sign up in the Counseling Office and we will do our best to see you that day or at the very latest the next day. We are often available upon request at any given time. Parents are welcome to contact me by calling 458-2156.

College Catalogs: Most college information is available on-line. Information on private colleges, military academics, special vocational schools, and summer programs is available.

Applications: Questions regarding applications for the SAT and ACT can be answered by Counseling Office staff. SAT and ACT preparation materials are available in the counseling office and can be borrowed by students for test preparation. The Counseling Office encourages students to visit websites for the following applications:

University of California system

California State University system

Community Colleges

Financial Aid and Scholarships

Scholastic Aptitude Test (SAT)

Speakers: College representatives, military recruiters, and representatives from various occupational areas are scheduled throughout the year to speak with all interested students.

Transcripts: If you need to send a copy of your grade record (transcript) to a college, a scholarship agency, or an employer, see Gayle Bradbury in the Counseling Office. The student must take the initiative to receive this service.

Program Changes: 9th – 11th grade students will not be made after the start of school as changes are being made prior to the start of school. Seniors ONLY will have the first three days to request changes. **Second semester program changes will be completed by Tuesday, January 7th by students. Additional changes may occur per teacher request or leadership team approval.** The program change forms must be processed through the Counseling Office. Students should discuss changes with their parents and counselor.

Lockers: Campus lockers are assigned to all students at the beginning of the school year. If there are any problems with your locker, the Counseling Office Administrative Assistant should be notified. Students are not to switch lockers or use more than one. The locker combination should not be given out to others.

Career Guidance: Students can contact Gay Seaver our Career Technician.

Other Sources of Help: Lori Tanner, counselor, will gladly assist you in finding help for yourself or your family when you are experiencing personal problems. We can refer you to agencies such as Suicide Prevention, Behavioral Health, or other appropriate programs and services in the community.

Students who are identified as having special learning problems can be referred for screening for possible placement in special classes through Lori Tanner and our Student Support Team.

Quick Guide: Colusa High School Athletics

Statement of Philosophy

The Colusa Athletic Program should provide a variety of experiences to enhance the development of favorable habits and attitudes that will prepare students for adult life in a democratic society. The interscholastic athletic program shall be conducted in accordance with existing Board of Education policies, rules and regulations. While the Board of Education takes great pride in winning, it does not condone “winning at any cost.” It discourages any and all pressures which might lead to neglecting good sportsmanship and good mental health. At all times, the athletic program must be conducted in such a way that it is an educational activity.

School Fees, Dues and Materials

Student athletes must turn in all necessary equipment and jerseys as instructed by the coach prior to participating in the next sport. In order to participate in games/competitions, the student must pay all CHS overdue balances (cafeteria, library and office). In order to participate in events taking place on Saturdays (prom, athletics, etc), individuals MUST be in attendance on the Friday prior to the event.

Quitting a Sport

An individual who quits a sport prior to the full conclusion of the season (including playoffs) will not be cleared for the next season of sport without an appeal hearing. At the appeal hearing, a student athlete might be granted the right to participate in the upcoming season. Regardless of the appeal hearing, a student athlete who quits a season of sport will not receive a patch, athletic waiver for the 3 year PE requirement or consideration for Mr. RedHawk/Ms. RedHawk recognition senior year.

Attendance:

1. The student is to attend all classes regularly and punctually, and to make every effort to complete all class assignments on time and to the best of his/her ability.
2. The student must attend all classes for the entire period on a given day (this includes school on a Friday that may precede a Saturday game or tournament) in order to participate in an interscholastic contest (tardies will prohibit a student athlete from playing on a game day) unless he/she has a legitimate excuse as determined by the athletic director or principal. Medical, dental and/or optical appointments and probation appointments are possible exception subject to administration approval and accompanied by a doctor’s note.
 - 1st Athletic Day Tardy: Detention
 - 2nd Athletic Day Tardy: Saturday School
 - 3rd Athletic Day Tardy: Sit Out an Entire Contest/Game
 - 4th Athletic Day Tardy or More: Parent/Admin/Athlete/AD Meeting
3. The student must attend at least 4 or more periods in order to participate in practice on a given day.

School Discipline Referral — Any student athletes sent to the office for a school rule violation may be denied the privilege of participation in all athletic activities for a period determined by the principal and or athletic director.

School Discipline-Removed from Class-A student is temporarily ineligible to practice or participate in any way on an athletic team while suspended from any class. This includes class suspensions/interventions.

School Suspension- Any student suspended from school will be suspended from athletic activities for one week.

CHS Administration and Attendance Office Support

Attendance

- A. Unexcused absences include class periods, for which there was no written excuse from a parent or guardian and/or telephone communication will result in truancy if they are not cleared within 3 school days per the California Education Code.

Lost and found: Found personal property is stored in the Administration Office to be described and claimed by the owner.

Injury at school: If injured, report this to a teacher and ask for a pass to go to the Administration Assistant in the office.

Illness at school: If a student is ill, report to the teacher and ask for a pass to the Attendance Clerk. A parent or guardian will be contacted for permission to allow the student to leave school.

Bulletins: The daily bulletin is prepared by the Attendance Clerk. All announcements should be submitted by 1:00 p.m. in order to appear in the next day's bulletin. Students may put items in the bulletin only with the signature of a staff member.

Office referrals: If a teacher refers a student to the office, a student must report to the Attendance Clerk and wait to see the Vice Principal.

Telephone: Students are to use office phones located in the front office when communicating.

Early Dismissal: Students leaving campus for other than school related activities must have a note from a parent stating the reason for the early dismissal. This note should be presented to the Attendance Clerk who will issue an early dismissal slip which should be shown to the teacher whose class will be left. Students may leave campus after signing out in the Attendance Office.

Checking out of school: Students checking out of school should have a parent come in to sign the withdrawal forms stating the reason for leaving and the name of the new school the student will be attending. All textbooks must be returned and bills paid prior to checking out of school.

Transcripts: Requests for copies of official transcripts should be made in the counseling office. Transcripts will not be sent if the requesting student owes any money to the school for textbooks or any other damages.

Personal or academic problems: The counselor is available to help students deal with any personal or academic problems that they might have. Many support services are available to us to help students cope with problems.

Lockers: Campus locks and lockers are assigned to all students at the beginning of the school year. If there are any problems with your locker, the Counseling Office Administrative Assistant should be notified. Students are not to switch lockers or use more than one. The locker combination should not be given out to others.

Armed Services information: Local Armed Services recruiters are on campus regularly. Appointments to see them may be made outside of class time, in the Counseling Office.

A program change may be necessary if the medical excuse is long term. Alternative assignments are required for students medically excused from PE.

Classroom Food Policy

Food purchased during break and lunch is not permitted in the classroom.

Search and Seizure Policy

State law and Colusa Unified School District policy allow the administration to search any vehicle brought on campus for any reason. Furthermore, student lockers, which are under the control of both the student and the District, may be opened and inspected without student permission when there is a reasonable suspicion that the search will disclose evidence of illegal possessions or activity. (Note: items in a student locker are assumed to belong to the student assigned to the locker.)

Tobacco

State law and Colusa Unified School District policy forbid the possession or use of tobacco in any form (including chewing tobacco) on school grounds or at school activities. Colusa Schools are to be tobacco-free.

Alcohol, Drugs and Tobacco

There is no tolerance for students who have any of the above on or in them at Colusa High or at CHS activities. We cooperate with the police in enforcing all state and local laws. Violating this rule will result in immediate police and parent contact, suspension, and possible expulsion.

Closed Campus

Colusa High has a closed campus. This means that students are not to leave the campus during the school day for any reason other than what is stated on an early dismissal slip or for an organized student activity. Approved seniors with a 3.0 GPA and no F's may leave campus for lunch as permitted by the administration. Students must have parental approval to leave campus for work experience, student teaching, or for any other reason. All students leaving the campus must sign out in the Attendance Office.

Student Vehicle at School

All students must park vehicles in the Student Parking Lot or in the designated areas on the street that are not reserved for staff and visitors. All students must register their vehicle with the attendance secretary and display the registration tag on the rear-view mirror every day when parked at school. The student parking lot is **off limits** to all students during the school day. There shall be no loitering in or around students' cars. Violation of these rules will be just cause for cancellation of the privilege of driving a car to school, detention, and/or suspension.

Gym use

The gym will be closed to all students before school and during lunch unless approved and supervised by PE teachers.

Public Display of Affection

We want everyone at CHS to care for one another. However, overt displays of affection are inappropriate at school.

CUSD Homework Philosophy

Homework is an integral part of student learning. The district supports a reasonable, balanced approach to homework. The amount of homework and the type of homework should logically progress toward independent, high level thinking tasks. The principal and staff at each school have developed, and regularly review, a school-site homework plan which includes guidelines for the assignment of homework and describes the responsibilities of students, staff and parents/guardians.

For each grade level, the amount of time that students will be expected to spend on homework is approximately 6 – 10 minutes per year in school. For example: a student in grade 2 might expect to have 12 – 20 minutes of independent homework nightly. Students in grades 7 & 8 should expect to spend 42 - 80 minutes on independent homework. Students in high school should expect to spend anywhere from 30 – 90 minutes an evening on independent homework. Generally, secondary students will average no more than 90 minutes of homework nightly.

In addition to the independent homework, teachers from each grade level from K – 8 may suggest parental involvement with their student's homework. For example: in Kindergarten, parents may be asked to read to their child for up to thirty minutes nightly. In most cases, the amount of necessary parental involvement will decrease as the student develops learning independence. However, parents are encouraged to adopt attitudes and habits which support student academic learning. A student who has no school-assigned homework will still benefit by reading, reviewing content, or practicing skills.

Homework comprises varying proportions of the class grade depending upon the content of the course and whether that content lends itself to extensive independent practice.

Parents should be aware that teachers plan homework based on the average student's capabilities. Some students may take much longer to complete the assignment. Other students with the same assignment may complete it in a very short amount of time. If your child reports that they have no homework, you are encouraged to direct them to reading quality books, reviewing class notes, or practicing academic skills. If your child is frequently taking much longer than expected to complete the homework, please contact the teacher. Accommodations and modifications can be made to assignments at the teacher's discretion.

Teachers at every level instruct students on how to allocate their time wisely, the importance of meeting deadlines, and developing good personal study habits.

Generally, students will have all the resources they need available at home. In some cases, as when they are learning research skills, students may be directed to certain web sites or print resources contained either in the school library, or available for access in the Public Library. A number of on-line homework assistance programs are available over the internet. Depending on the need and resources, the school or teacher may offer tutoring or other after-school assistance.

Elementary teachers will design homework assignments so that students do not receive an overload of homework one day and very little the next. Secondary teachers will make every effort to communicate with one another to avoid this situation. However, parents should understand that, occasionally, heavy loads of homework may result despite the teachers' best efforts to avoid this situation. Should your student experience frequent excessive homework, please contact the teacher.

Parents are encouraged to help their student organize and segment large homework assignments. A project due in two weeks may take 20 minutes per school night. But this could become 200 minutes of work in a single night if the student does not plan and complete the work in smaller segments.

Also, parents of students taking the most rigorous courses should be prepared to expect significantly higher homework loads. Advanced Placement courses are basically college classes taught in a high school setting. As such, the expectations for additional time commitment by the student are greatly increased.
